Please read the following to learn what information we collect from you (the "**User**" or the "**End User**") and how we use that information. If you have any questions about our privacy policy, please email us at privacy@navizon.com.

PLEASE READ THIS PRIVACY POLICY CAREFULLY. BY ACCESSING OR USING OUR WEBSITE, YOU ACKNOWLEDGE THAT YOU HAVE READ, UNDERSTAND, AND AGREE TO BE BOUND TO ALL THE TERMS OF THIS PRIVACY POLICY, OUR WEBSITE TERMS OF SERVICE. IF YOU DO NOT AGREE TO THESE TERMS, EXIT THIS PAGE AND DO NOT ACCESS OR USE THE WEBSITE OR OUR SERVICES.

1. CHANGES TO PRIVACY POLICY

If we decide to change our Privacy Policy, we will post those changes to this Privacy Policy in places within the Services and other places we deem appropriate so that you are aware of what information we collect, how we use it, and under what circumstances, if any, we disclose it. We reserve the right to modify this Privacy Policy at any time, so please review it frequently. If we make material changes to this policy, we will notify you here, by email, or by means of notice on the Services.

2. TYPES OF INFORMATION COLLECTED AND USES OF COLLECTED INFORMATION

We collect two types of information about Users of our Services: Personally Identifiable Information and Non-Personally Identifiable Information.

Personally Identifiable Information. Personally Identifiable Information is information that identifies a specific End User. When you engage in certain activities on the Services, such as submitting a request for information about our services, creating an account, ordering a product or service from us, submitting information about a site, filling out a survey, sending us or our partners feedback, submitting an agreement, applying for a job or authorizing Navizon to access your site information (collectively, "**Identification Activities**"), we may ask you to provide certain information about yourself and your business. It is optional for you to engage in an Identification Activity. If you elect to engage in an Identification Activity, however, we may ask you to provide us with certain personal information about yourself, such as your first and last name, mailing address (including postal code/zip code), email address, telephone number and the company you represent. When you order products or services, we may also ask you to provide us with your credit card number, expiration date and authentication codes, billing address or related information. Depending on the activity, some of the information we ask you to provide is identified as mandatory and some is identified as voluntary. If you do not provide the mandatory information for a particular activity that requires it, you will not be permitted to engage in that activity. We use Personally Identifiable Information to deliver services to you, enhance the operation of the Services, improve our marketing and promotional efforts, analyze Services use, improve

our product and service offerings, and to tailor your experience with third parties as provided in Item 3 of this Privacy Policy. For example, if you send our customer service an email we may use your comments and feedback to tell others about our services, and may post your comment in our marketing materials or on our Services. Your comments may contain personal information such as your name and we will obtain consent from you to post your name along with your comment prior to posting your comment for public view. We may also use Personally Identifiable Information to troubleshoot, resolve disputes, accomplish administrative tasks, contact you, enforce our agreements with you, including our Website Terms of Service and this Privacy Policy, comply with applicable law, and cooperate with law enforcement activities.

Furthermore, in order to access certain aspects of the Services, you must allow Navizon to access information about the physical site where our Services operate ("**Site**"). By authorizing Navizon to access your account, you hereby grant Navizon access to certain information in your Site's profile, including but not necessarily limited to: basic information including (but not limited to) address and geographic location; extended profile information including (but not limited to) visitor traffic volume; and, other information which our systems enable us to access. If at any point the information Navizon requires by your access necessitates a higher level of access, these Terms and Conditions shall be amended accordingly and Navizon will notify you of said changes in the manner set forth above. By allowing Navizon to access your Site information, you hereby agree to any and all terms and conditions imposed on you in connection with said procedure, your use of the Site and any and all Sites and/or applications and/or other data or content in connection therewith.

Non-Personally Identifiable Information. Non-Personally Identifiable Information is information that does not identify a specific End User. This type of information may include (but is not necessarily limited to) things like the Uniform Resource Locator ("**URL**") of the website you visited before coming to our Website, the URL of the website you visit after leaving our Website, the type of browser you are using, the MAC address of your mobile device, and the type of mobile device you may be using to access the Services. We may automatically collect this information when you use our Services through the use of electronic tools like Cookies. We use Non-Personally Identifiable Information to troubleshoot, administer the Services, analyze trends, gather demographic information, comply with applicable law, and cooperate with law enforcement activities.

Linking of MAC Address to Personally Identifiable Information. You understand and agree that by engaging in certain Identification Activities, you are permitting us to: a) store and access your Personally Identifiable Information; b) link your Personally Identifiable Information to the MAC address of your device and your location, as offered by the device with which you access the Internet and/or our Services; and, c) use your Personally Identifiable Information in such other ways which accord with the terms and conditions herein set forth.

3. RELEASE OF PERSONALLY IDENTIFIABLE INFORMATION

We will not share, sell, rent, or trade your Personally Identifiable Information with other parties except as provided for within this Privacy Policy.

"**Third Party Service Providers**" perform functions on our behalf, like sending out and distributing our administrative and promotional emails. We may share your Personally Identifiable Information with such Third Party Service Providers to fulfill orders, deliver packages, send postal or email, remove repetitive information on customer lists, analyze data, provide marketing assistance, provide search results and links, process credit card payments, operate the Services, troubleshoot, and provide customer service.

We may also share your information with individuals or companies with whom we have a contractual relationship to provide certain aspects of the Services, and in particular those entities who a) are registered clients of Navizon; and/or b) with whom Navizon has a contractual relationship to share Personally Identifiable Information; (each an "**Affiliate**" and collectively, "**Affiliates**"). Sharing this Personally Identifiable Information may allow an Affiliate (as defined below) and/or Navizon to provide services for you. However, we will only share Personally Identifiable Information with Affiliates if you engage in an Identification Activity, and then only to the Affiliate involved in that Identification Activity. We specifically disclaim any responsibility or liability for the actions of such Affiliate. While we inform them that they are only permitted to communicate with you for the purposes of the specific service provided by Navizon, we do not have any responsibility for the actions of the Affiliate, and the actions of the Affiliate are not in our control. We may share your information with such Affiliates to accomplish our administrative tasks and/or to fulfill our obligations to said Affiliates, including, but not limited to, the obligation to provide said Affiliates with data regarding your use of their services, your use of our Services at a Site, your presence on-site, and other Personally Identifiable Information which is valuable to our Affiliates.

We encourage our Affiliates and Third Party Service Providers to adopt and post privacy policies. However, the use of your Personally Identifiable Information by such parties is governed by the privacy policies of such parties and is not subject to our control and you hereby agree in no way is Navizon liable to you for such Affiliates' or Third Party Service Providers' use of your information as collected through the Services.

We may also share your information in a business transfer. As with any other business, we could merge with, or be acquired by another company. If this occurs, the successor company would acquire the information we maintain, including Personally Identifiable Information. However, Personally Identifiable Information would remain subject to this Privacy Policy. We may share your information for our protection and the protection of others. We reserve the right to disclose your Personally Identifiable Information as required by law and when we believe that disclosure is necessary to protect our rights and/or comply with a judicial proceeding, court order, or legal process served on our Services; enforce or apply this Privacy Policy, our Website Terms of Use or other agreements; or protect the rights, property or safety of the Services, its Users or others.

4. RELEASE OF NON-PERSONALLY IDENTIFIABLE INFORMATION

We may disclose or share Non-Personally Identifiable Information with Third Party Service Providers and Affiliates. We also use Third Party Service Providers to track and analyze Non-Personally Identifiable usage and volume statistical information from our Users to administer our Services and constantly improve their quality. We may also publish this information for promotional purposes. Please note that this is not Personally Identifiable Information, only general summaries of the activities of our Users. Such data is collected on our behalf, and is owned and used by us.

5. UPDATING AND CORRECTING INFORMATION

We believe that you should have the ability to access and edit the Personally Identifiable Information you provide us. You may change any of your Personally Identifiable Information by contacting us. We encourage you to promptly update your Personally Identifiable Information with us if it changes. You may ask to have the information on your account deleted or removed; however, because we keep track of past transactions, you cannot delete information associated with past transactions on the Services. In addition, it may be impossible for us to completely delete all of your information because we periodically backup information. If you choose to provide credit card information to us, this is stored on a secure server. You may request us to delete your credit card information at any time by contacting us.

6. USER CHOICES ON COLLECTION AND USE OF INFORMATION

As discussed above, you can always choose not to provide information, although it may be required to engage in a certain activity on the Services. You cannot opt-out of Administrative Emails.

"**Administrative Emails**" relate to a User's activity on our Services and the Website, and include emails regarding a particular User's account, requests or inquiries, and the purchasing of products and services. In contrast to Administrative Emails, however, you do have a choice with respect to Promotional Emails.

"**Promotional Emails**" advertise our products and services, including sales and other offers, and/or announcements and newsletters. If you do not want to receive Promotional Emails from us, you may elect to opt-out of receiving Promotional Emails at any time after registering by e-mailing us at info@navizon.com, by writing to us at the address contained herein, or by requesting that we "unsubscribe" you from our e-mails. 7. SECURITY OF INFORMATION

In addition, your Personally Identifiable Information resides on a secure server that only selected personnel and contractors have access to. We encrypt certain sensitive information (such as credit card information) to ensure that your Personally Identifiable Information is safe as it is stored by us.
